Re: Supporting Documentation to Appeal
Motors Liquidation Company
Order Granting 151st Omnibus Objection to Claims
Claim number 60788 in the amount \$129,197.04
Docket number 10784
Case number 0950026

Please accept this letter as supporting documentation in my appeal of reclassifying my claim as an equity interest. I do not feel that my concerns have been adequately considered. I wish to appeal that my claim has been reclassified as an equity interest claim.

General Motors fraudulently misrepresented the viability of their company to me. General Motors must have known that the viability of the company was deteriorating months, possibly years, before filing for bankruptcy. I feel that General Motors knew that its stock would eventually be worthless, and rather than notify me or take action to protect me from loss, they chose to take no action. It is my belief that due to fraud and misrepresentation that my claim should not have been reclassified as equity interest. The result is unjust and inequitable.

General Motors misrepresented the value of the company by continuing to allow GM stock to be included in the retirement savings plan of its employees, even while the value was continuing to decline. This falsely led participants to believe that the Stock Fund value could turn around as it always had done so in the past. In the past, when the stock declined, GM never notified us that we should liquidate our position, and it always recovered in value. In a matter of 18 months GM's lack of prudence resulted in a 94% loss in value (\$129,197.04). General Motors did not exercise the required skill, care, prudence, and diligence by granting its employees investment access to its stock.

Additionally, General Motors failed to properly monitor the performance of their fiduciary appointee and remove or replace them when their performance was unsatisfactory.

Further, my interests were held in bonds in addition to General Motors stock. As you can see from the attached statement provided by Fidelity, my interest includes bonds, not just stock, and when action was finally taken to protect me from my employer's lack of prudence, 100% of the remaining value was held in bonds.

It is my request that you seriously consider my appeal and include me as a creditor of General Motors.

Sincerely,

Mark F. Hasson III
