Chapter 11  
Case No. 09-50026 (MG)

---

Honorable Martin Green,

I don't feel there should be a rush on any payouts,

- 1) When there is a rush on anything that leads to mistakes,
- 2) If the money is an account that draws interest then that means more money to distribute. If the money sits for two months say at 4% interest that's more to help someone.
- 3) I still feel the money should be monitored by the courts.

I realize I am the low woman on the pole and probably won't receive a dime but I still don't feel it should be rushed for everyone's benefit. I realize this case has been going on for years I don't think two more months will make a difference.

Thank you for everything you are doing.
