FOR ALLOWANCE OF COMPENSATION AND REIMBURSEMENT OF
EXPENSES FOR THE PERIOD FEBRUARY 1, 2010 – MAY 31, 2010

The Claro Group, LLC (“Claro”) respectfully files this Third Interim Application for Allowance of Compensation and Reimbursement of Expenses (the “Fee Application”) of Claro as Environmental Management Consultants to Motors Liquidation Company (f/k/a General Motors Corporation) (“GM”) and its affiliated debtors, as debtors in possession (collectively, the “Debtors”), for the period from February 1, 2010 through May 31, 2010 (the “Third Interim Period”). This Fee Application is filed pursuant to §§ 328(a), 330(a) and 331 of Title 11 of the United States Code (the “Bankruptcy Code”), Rule 2016(a) of the Federal Rules of Bankruptcy

Procedure (the “Bankruptcy Rules”) and the Local Rules and Orders of this Court. In support of the Application, Claro states:

JURISDICTION AND VENUE

1. On or about August 7, 2009, the Court signed an Order Pursuant to 11 U.S.C. §§ 105(a) and 331 Establishing Procedures for Interim Compensation and Reimbursement of Expenses of Professionals (the “Compensation Procedures Order”) (Docket #3711). The Compensation Procedures Order states, *inter alia*,

“Commencing with the period ending September 30, 2009, and at four month intervals thereafter (the “**Interim Fee Period**”), each of the retained professionals as set forth in paragraphs 3 and 4 herein (the “**Retained Professionals**”) shall file with the Court an application (an “**Interim Fee Application**”) for interim Court approval and allowance, pursuant to sections 330 and 331 of the Bankruptcy Code (as the case may be) of the compensation and reimbursement of expenses requested in the Monthly Statements served during such Interim Fee Period. Each Retained Professional shall file its Interim Fee Application no later than **45 days** after the end of the Interim Fee Period.” [Emphasis in original.]

2. This Court has jurisdiction over this matter pursuant to 28 U.S.C. §§ 157 and 1334. This is a core proceeding pursuant to 28 U.S.C. § 157(b). Venue of the Debtors’ Chapter 11 cases and this Fee Application in this District is proper pursuant to 28 U.S.C. §§ 1408 and 1409.

BACKGROUND

3. On June 1, 2009 (the “Petition Date”), the Debtors filed voluntary petitions for relief under chapter 11 of the Bankruptcy Code. The Debtors continue to operate their businesses and manage their properties as debtors-in-possession pursuant to sections 1107 and 1108 of the Bankruptcy Code.

4. On or about July 21, 2009, the Debtors filed an application (the “Retention Application”) pursuant to 11 U.S.C. §§ 327(a) and 328(a) and Fed. R. Bankr. P. 2014 authorizing the retention and employment of Claro as an environmental management consulting services provider in connection with these chapter 11 cases, to assist the Debtors in determining the costs of actual and/or potential environmental liabilities arising from the Debtors’ prepetition, historic operations. The Debtors sought to employ and retain Claro pursuant to the terms of the agreement between the Debtors and Claro dated and effective as of June 10, 2009 (the “Engagement Letter”). More specifically, Claro has been retained by the Debtors for its environmental management consulting expertise.

5. On or about August 3, the Court entered an Order authorizing the Debtors to retain and employ Claro *nunc pro tunc* to the Petition Date.

COMPENSATION REQUESTED

6. By this Fee Application and in accordance with §§ 328, 330 and 331 of the Bankruptcy Code, Claro request allowance of fees in the amount of \$527,315.50, and ordinary and necessary expenses in the amount of \$7,886.51, for a total amount \$535,202.01.

In the absence of any objection to the monthly statement of fees and expenses incurred (the “Monthly Statements”), the Debtors can pay 80% of the professional fees requested and 100% of the expenses incurred. A tabulation of fees and expenses incurred, as well as payments received by Claro, for Monthly Statements to date is as follows:

Site-level Decision Tree/Cost Analysis (Task 1—1,312.40 hours)

14. During the Third Interim Period, Claro provided assistance to the Debtors in estimating potential remediation costs associated with 6 major sites utilizing decision-trees and other probabilistic analyses as appropriate. To perform this analysis, Claro worked with Debtors and other consultants to Debtors (primarily Arcadis) to help develop the structure, probability and magnitude of estimates used as the bases for the decision-tree analyses. These analyses are updated based on development of new information from time to time.

Portfolio-level Cost Analysis (Task 2—149.90 hours)

15. During the Third Interim Period, Claro provided assistance to the Debtors in developing an analysis of portfolio-level costs for the sites in the Debtors portfolio that were not subject to detailed decision-tree analysis. This analysis is updated based on development of new information from time to time.

Discounted Cash Flow Analysis (Task 3—27.55 hours)

16. During the Third Interim Period, Claro provided assistance to the Debtors in providing analysis of discount rates, inflation rates and application of those rates to cash flows associated with the remediation sites for the purpose of calculating present values and inflated cash flows, as appropriate.

Insurance Analysis and Presentation to Insurance Markets (Task 4—2.20 hours)

17. During the Third Interim Period, Claro provided assistance to the Debtors in providing analysis and presentations to certain insurance markets utilizing the decision tree and portfolio analysis, adapted as appropriate, for the purposes of seeking underwriting of remediation and other risks by certain insurance markets.

Presentations and Communications to Stakeholders (Task 5—117.80 hours)

18. During the Third Interim Period, Claro provided assistance to the Debtors in leading and/or participating in meetings with various parties, including various environmental Regulators and their representatives, Creditors and their representatives and Debtors and Debtors' other consultants, for the purpose of discussing decision-tree analyses and portfolio analyses as appropriate.

Steering Committee and Project Management (Task 6—56.30 hours)

19. During the Third Interim Period, Claro provided assistance to the Debtors in working with Debtors' other consultants to plan and respond to project requirements, including development of decision-tree analyses, portfolio analyses and other analyses as appropriate.

Fee Application and Other Job Administration (Task 7—130.25 hours)

20. During the Third Interim Period, in connection with Claro's retention by the Debtors, Claro prepared the First Interim Fee Application and supporting exhibits and declaration. In addition, Claro was compelled to respond to various correspondence, emails, draft and final versions of the Fee Examiner's Report and Statement of Limited Objections to Claro's First Interim Fee Application and other communications from the Fee Examiner in connection with Claro's First Interim Fee Application. Claro has also provided monthly budgets as requested by the Fee Examiner and has prepared and submitted its invoices in compliance with guidelines as required by the U.S. Trustee.

21. The work performed by Claro was not duplicative of any other retained professional. The work of Claro in this bankruptcy estate is continuing and not complete.

22. Claro submits that the foregoing services were necessary to the administration of this Chapter 11 case, were necessary and beneficial to the Debtors' estates at the time such services were rendered, and were performed without unnecessary duplication of effort or expense. Claro's request for compensation of the foregoing services is reflective of a reasonable and appropriate amount of time expended in performing such services commensurate with the complexity, importance and nature of the problem, issue and task involved.

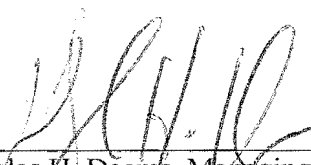

NOTICE

23. Notice of this Fee Application will be provided by counsel for the Debtors pursuant to the Compensation Procedures Order

WHEREFORE, Claro respectfully request that this Court enter an order: (i) allowing Claro's request for compensation in the sum of \$527,315.50 for actual, reasonable and necessary professional services rendered as environmental consultants to the Debtors during the Compensation Period; (ii) directing the Debtors to pay to Claro the full amount of such compensation to the extent not already paid; and (iii) directing the Debtors to reimburse Claro in the amount of \$7,886.51 for actual, reasonable and necessary expenses incurred during the Compensation Period, to the extent not already reimbursed.
