BANKRUPTCY RULES

Fed. R. Bankr. P. 1015(c)12

Fed. R. Bankr. P. 900712

TO THE HONORABLE ROBERT E. GERBER,
UNITED STATES BANKRUPTCY JUDGE:

Motors Liquidation Company (f/k/a General Motors Corporation) (“**MLC**”) and its affiliated debtors, as debtors in possession (collectively, the “**Debtors**”), respectfully represent:

Relief Requested

1. Pursuant to sections 105(a) and 363 of title 11, United States Code (the “**Bankruptcy Code**”), the Debtors request entry of an order approving and ratifying that certain stipulation of settlement (the “**Stipulation of Settlement**”) between the Debtors and General Motors, LLC (f/k/a NGMCO, Inc.) (“**New GM**,” and together with the Debtors, the “**Parties**” and each individually, a “**Party**”) resolving certain mutual mistakes by the Parties and ambiguities and disputes arising under the terms of that certain Master Sale and Purchase Agreement By and Among General Motors Corporation, Saturn LLC, Saturn Distribution Corporation, and Chevrolet Saturn of Harlem, as Sellers, and NGMCO, Inc. (n/k/a General Motors, LLC) as Purchaser (the “**MSPA**”) with respect to ownership of and environmental liabilities associated with certain real property, property taxes, and the Swap Debt (as defined below). A copy of the Stipulation of Settlement is annexed to the proposed order as **Exhibit “A.”**

Jurisdiction

2. This Court has jurisdiction to consider this matter pursuant to 28 U.S.C. §§ 157 and 1334. This is a core proceeding pursuant to 28 U.S.C. § 157(b).

Background

3. On June 26, 2009 the Debtors entered into the MSPA, and on July 10, 2009, the Debtors consummated the sale (the “**Closing**”) of substantially all of their assets

pursuant thereto (the “**Sale**”). Under the MSPA, the Debtors’ assets were divided into two categories – Excluded Assets (as defined in the MSPA), which were assets retained by the Debtors, and Purchased Assets (as defined in the MSPA), which were assets purchased from the Debtors by New GM. (MSPA §§ 2.2(a), 2.2(b).) The Purchased Assets include Owned Real Property, which is defined in the MSPA to mean all real property owned by the Debtors, other than Excluded Real Property. (*Id.* § 1.1.) Liabilities arising out of, relating to, in respect of, or in connection with the use, ownership, or sale of the Purchased Assets after the Closing are among the Assumed Liabilities (as defined in the MSPA). (*Id.* § 2.3(a).) On the other hand, Excluded Real Property (as defined in the MSPA) is any real property set forth in an exhibit or schedule to the MSPA, which, therefore, is retained by the Debtors. (*Id.* § 2.2(b).) In addition, the Debtors retained the Retained Liabilities (as defined in the MSPA), which include all Liabilities related to the Excluded Assets, including Liabilities arising out of, relating to, in respect of, or in connection with Excluded Assets, except as provided in the MSPA. (*Id.* § 2.3(b).)

4. Following the Closing, it became apparent that certain real property and environmental liabilities associated with certain property were transferred, retained, or assumed, in certain instances, by the improper Party as result of mutual mistake by the Parties and/or ambiguities under the terms of the MSPA. Because of the size of the Debtors’ organization and the segregation of duties within different business areas, certain schedules to the MSPA were modified to add or delete properties without a complete understanding of the intentions and undertakings within other areas of the organization. Following the Closing, certain disputes, mutual mistakes, and ambiguities relating to the MSPA, as further described herein, arose or became apparent to the Parties.

5. Throughout these cases, the Debtors and New GM have engaged in good faith arm's-length negotiations, which have resulted in the Stipulation of Settlement embodying a settlement of certain disputes, mutual mistakes, and ambiguities described herein. Every effort has been made to ensure that the Stipulation of Settlement provides for a value-for-value exchange between the Debtors and New GM. The statutory committee of unsecured creditors appointed in these cases have been kept apprised of the status of these negotiations.

6. This Motion represents the second time that the Debtors have come before the Court for approval of a settlement with New GM over the provisions of the MSPA. While the Debtors have authorization to consensually resolve minor ambiguities under the MSPA pursuant to that certain Order Pursuant to Sections 105(a) and 363 of the Bankruptcy Code in Aid of Implementation of Sale, dated March 5, 2010 [Docket No. 5198] (the "**First Agreed Order**"), the Debtors indicated at the March 2, 2010 hearing that they would nevertheless come to Court by separate motion in instances such as these where the matters were material or involved real estate issues. By this Motion, the Debtors seek approval of the Stipulation of Settlement.

The Stipulation of Settlement

7. The Debtors and New GM have reached agreement with respect to the resolution of various mutual mistakes, ambiguities, and disputes relating to ownership of certain real property, the environmental remediation of certain real property, certain property taxes, and the Swap Debt, and seek the Court's approval of the Stipulation of Settlement. The salient terms of the settlement are as follows:

- CVO Willow Run. The Debtors historically maintained their Willow Run Company Vehicle Operations ("**CVO Willow Run**") from a facility located at

2901 Tyler Road, Ypsilanti, Michigan 48198, which functioned as, among other things, a staging area for company vehicles being produced at their large powertrain facility located at 2930 Ecorse Road, Ypsilanti, Michigan 48198 (the “**Willow Run Facility**”). While the Parties intended to classify CVO Willow Run as Excluded Real Property, along with the Willow Run Facility, CVO Willow Run was not listed in an exhibit or schedule to the MSPA because of a mutual mistake by the Parties. In evidence of this mistake, New GM vacated and idled CVO Willow Run and the Debtors contemplated that CVO Willow Run would be part of a group of properties for which they retained liability for remediation, and prepared a budget accordingly. At Closing, a deed transferring CVO Willow Run from the Debtors to New GM was delivered to a title company, but the deed was held by the title company and not recorded when the mutual mistake was discovered by the Parties. To resolve the mutual mistake related to CVO Willow Run, the Stipulation of Settlement provides that CVO Willow Run is Excluded Real Property and all Liabilities related thereto are Retained Liabilities, as further provided herein; *provided, however*, that the Liabilities relating to CVO Willow Run arising out of, relating to, in respect of, or in connection with the use of CVO Willow Run by New GM during the period commencing on the date of the Closing and continuing through the Saginaw Landfill Transfer Date (as defined below) shall be Assumed Liabilities; and *provided further* that the effectiveness of this provision and the designation of CVO Willow Run as Excluded Real Property and related Liabilities as Retained Liabilities is conditioned upon the successful transfer of the Saginaw Landfill (as

defined below), in accordance with the terms set forth below. The value of the avoided cost of remediation and maintenance provided to New GM in respect of this transfer is approximately \$7,500,000.

- Saginaw Landfill. Saginaw Nodular Iron Landfill (the “**Saginaw Landfill**”), located at 2100 Veterans Memorial Parkway, Saginaw, Michigan 48603, was historically used for waste disposal in connection with manufacturing facilities previously operated by the Debtors and GMPT – Saginaw Metal Casting, which is now operated by New GM. Pursuant to the MSPA, the Saginaw Landfill was designated as an Excluded Real Property and remained property of the Debtors’ estates. However, in connection with operations at its facilities, New GM requires the Saginaw Landfill for waste disposal and is prepared, in the context of this settlement, to assume the Liabilities relating to the Saginaw Landfill, as further described herein. New GM has agreed to exercise its option to acquire the Saginaw Landfill pursuant to the MSPA and the Master Lease Agreement (Subdivision Properties) dated July 10, 2010 between MLC and New GM. Accordingly, as of the date on which the Saginaw Landfill is conveyed to New GM (the “**Landfill Transfer Date**”), the Saginaw Landfill shall be deemed Owned Real Property (a subset of Purchased Assets comprising real property) and all Liabilities relating thereto arising out of, relating to, in respect of, or in connection with, the use, ownership, or sale of the Saginaw Landfill after the Landfill Transfer Date shall be deemed Assumed Liabilities; *provided, however*, that in the event that the Saginaw Landfill is not successfully transferred to New GM, for any reason whatsoever (other than the Debtors’ refusal to transfer the

Saginaw Landfill to New GM or to use commercially reasonable efforts to cooperate with New GM in obtaining the necessary third-party approvals applicable to the transfer of the Saginaw Landfill), including, but not limited to New GM's failure to subdivide and satisfy the relevant regulatory requirements relating to the transfer, CVO Willow Run and the Liabilities in connection therewith shall remain Owned Real Property (a subset of Purchased Assets comprising real property) and Assumed Liabilities, respectively. The Parties have agreed to use their commercially reasonable best efforts to effectuate the transfer of the Saginaw Landfill in a timely manner. The transfer of the Saginaw Landfill to New GM will release the Debtors' estates of approximately \$3,800,000 in expected remediation and maintenance obligations.

- Environmental Remediation Invoices. Environmental remediation services (the “**Services**”) were provided by third-party contractors to Remediation and Liability Management Company, Inc. and Environmental Corporate Remediation Company, Inc. (the “**REALM/ENCORE Debtors**”) with respect to property that was transferred to New GM under the MSPA. The invoices (the “**Invoices**”) for such Services have been designated as Retained Liabilities. New GM and the REALM/ENCORE Debtors each require the ongoing services of the third parties providing the Services whose Invoices have not yet been paid. Pursuant to the Stipulation of Settlement, New GM will pay the amounts due under the Invoices, thereby relieving the REALM/ENCORE Debtors of \$1,513,658 in claims related to same. Given the importance of third party contractors to the REALM/ENCORE Debtors' ongoing environmental cleanup efforts, the

REALM/ENCORE Debtors believe that in the absence of this settlement, they would be required to satisfy the obligations under the Invoices in full as a condition to such contractors' future performance.

- Idled Plant Transportation and Disposal Costs. Under the MSPA and related documents including, without limitation, the Transition Services Agreement (as defined in the MSPA), an ambiguity arose regarding which Party is required to pay costs associated with the removal of hazardous waste from certain idled manufacturing facilities owned by the Debtors and listed in the Stipulation of Settlement (the “**Facilities**”). To resolve this dispute, New GM has agreed, under the Stipulation of Settlement, to pay for approximately half of the costs associated with the removal of hazardous waste from the Facilities, and the Debtors have agreed to pay for the remainder, thereby relieving the Debtors' estates of \$859,625 in potential administrative expenses related to environmental obligations.
- Property Tax. Under the MSPA, an ambiguity also arose with respect to the Parties' liability for the payment of property taxes for the 2009 calendar year (the “**Property Taxes**”) relating to real property owned or leased by the Debtors and leased or occupied by New GM after the Closing, but handed back to the Debtors during the 2009 calendar year. The Parties have agreed to prorate the Property Taxes owing in respect of such properties for the period beginning as of the date that New GM handed over the respective properties to the Debtors, through December 31, 2009 (the “**Prorated Tax Periods**”). Upon payment of the assumed Property Taxes by New GM, the Parties have agreed that the allocation

of Property Taxes on the Facilities for the 2009 calendar year between New GM and the Debtors will be complete and final, except to the extent that adjustment is required due to changes after the date hereof in the underlying total property tax due for such periods to taxing authorities. Pursuant to the Stipulation of Settlement, the Parties have agreed that New GM and the Debtors will each be liable for an equal portion of the Property Taxes arising during the Prorated Tax Periods. The value provided by New GM in favor of the Debtors is \$696,145.41.

- Properties. The Parties intended to designate the properties set forth on Schedule VIII to the Stipulation of Settlement (collectively, the “**Properties**”) as Excluded Real Property, but, because of a mutual mistake of the Parties, did not specifically list certain of the Properties on an exhibit or schedule to the MSPA.¹ As evidence of the intention of the Parties to treat the Properties as Excluded Real Property, (i) the Properties were not conveyed to New GM at Closing and the Debtors remain the owner of the Properties, (ii) the Debtors have conducted regular remediation work on the Properties, and (iii) the Debtors allocated funds for the anticipated cost of remediating the Properties. The Stipulation of Settlement provides that the Properties are Excluded Real Property, and, consequently, all liabilities relating thereto are Retained Liabilities. The value of the avoided cost of remediation and maintenance provided to New GM in respect of this transfer is approximately \$9,000,000.

¹ Certain of the Properties denoted on Schedule VIII to the Stipulation of Settlement were already designated as Excluded Real Property on the schedule annexed to the MSPA as Section 2.2(b)(v) of the Sellers’ Disclosure Schedule (as defined in the MSPA). With respect to those properties, Schedule VIII to the Stipulation of Settlement seeks to add further precision to the description provided on Section 2.2(b)(v) of the Sellers’ Disclosure Schedule (as defined in the MSPA).

- Deutsche Bank Settlement. On November 23, 2009, Deutsche Bank AG (“**Deutsche Bank**”) filed a motion [Docket No. 4529] for relief from the automatic stay, asserting a right to setoff \$24,040,404 (the “**Swap Debt**”) that it owes in respect of interest rate swap debt, against its claim for \$24,073,200 (the “**Bond Claim**”) relating to the face value of the Debtors’ bonds it held as of the Commencement Date. The Swap Debt became due and owing when Deutsche Bank terminated a Master Agreement, dated September 19, 2004 (the “**Master Agreement**”), governing two interest rate swap transactions, due to the Debtors’ chapter 11 filings (an event of default under the Master Agreement). It has been asserted by New GM that the \$24,040,404 receivable from Deutsche Bank was sold to New GM under the MSPA, free and clear of all liens, claims, and encumbrances, with any setoff rights to apply to the proceeds of the Sale. Deutsche Bank asserts that this would result in a lien in the New GM stock and warrants that were delivered to the Debtors upon closing as proceeds of the Sale. In order to avoid the cost of litigation with New GM on these issues and the Debtors’ risk of losing the benefit of the Swap Debt altogether (should it be determined that the Swap Debt should be paid to New GM), the Parties have agreed to split any proceeds of the Swap Debt as follows. Pursuant to the Stipulation of Settlement, to the extent that the Debtors are successful in defeating Deutsche Bank’s claim for setoff, the Debtors will receive the first \$9 million of the Swap Debt proceeds, and any further recover will be split evenly between the Parties. The value provided to the Debtors in respect of this settlement will range from \$0 to approximately \$16.5 million, and the value to provided to New GM

will range from \$0 to approximately \$7.5 million. Additionally, if the setoff is permitted, it will be applied against the Bond Claims, and, therefore, as a result of the settlement, under no circumstances would Deutsche Bank receive a lien in the sale consideration. The agreement with respect to the Swap Debt confers substantial consideration to the Debtors' estates and is a significant factor in the Debtors' agreement to designate the Indiana Properties as Excluded Real Property.

8. As indicated above, as there is no certainty that the Saginaw Landfill can be subdivided or that New GM can obtain all necessary regulatory approvals relating to the transfer of the Saginaw Landfill, the Parties have agreed that the designation of CVO Willow Run as an Excluded Real Property and the retention of Liabilities relating thereto by the Debtors, as further described herein, and the designation of the Saginaw Landfill as Owned Real Property (a subset of Purchased Assets comprising real property) and the assumption of Liabilities relating thereto by New GM shall be expressly conditioned upon the successful transfer of the Saginaw Landfill, as further provided herein, and if the transfer of the Saginaw Landfill is not effectuated (other than as a result of the Debtors' refusal to transfer the Saginaw Landfill to New GM or to use commercially reasonable efforts to cooperate with New GM in obtaining the necessary third-party approvals applicable to the transfer of the Saginaw Landfill), the status quo of the two properties and their related Liabilities will be maintained, as further described above; *provided, however*, that the failure of such conditions with respect to CVO Willow Run and the Saginaw Landfill, as set forth in the Stipulation of Settlement, shall not cause to be delayed, void, or impact in any other way whatsoever, any other terms of the Stipulation of Settlement.

The Relief Requested Should Be Approved by the Court

9. Ample authority exists for approval of the Stipulation of Settlement under sections 363 and 105(a) of the Bankruptcy Code. By Order dated July 5, 2009, this Court approved the Sale and entered the Order (I) Authorizing Sale of Assets Pursuant to Amended and Restated Master Sale and Purchase Agreement; (II) Authorizing Assumption and Assignment of Certain Executory Contracts and Unexpired Leases in Connection with the Sale; and (III) Granting Related Relief [Docket No. 2968] (the “**Sale Order**”). Paragraph 71 of the Sale Order provides that this Court retains jurisdiction with respect to any dispute that arises under the Sale Order. Further, the Court has authorized the Debtors to enter into settlements resolving certain disputes arising under the MSPA pursuant to the Order in Aid of Implementation of Sale [Docket No. 5198] without Court approval. However, due to the materiality of the issues addressed herein, the Debtors seek relief by way of this Motion.

10. In addition, the Bankruptcy Code grants bankruptcy courts authority to “issue any order, process, or judgment that is necessary or appropriate” to ensure that bankruptcy cases are “handled expeditiously and economically” 11 U.S.C. §§ 105(a), 105(d)(2). *See also Adelpia Commc’ns Corp. v. The Am. Channel (In re Adelpia Comm’ns Corp.)*, 345 B.R. 69, 85 (Bankr. S.D.N.Y. 2006) (“Section 105(a) provides broad equitable power for a [b]ankruptcy [c]ourt to maintain its own jurisdiction and to facilitate the [chapter 11] process”); *Lyondell Chem. Co. v. Centerpoint Energy Gas Servs. Inc. (In re Lyondell Chem. Co.)*, 402 B.R. 571 (Bankr. S.D.N.Y. 2009).

11. The Debtors’ decision to enter into the Stipulation of Settlement and resolve amicably the differences in interpretation of the MSPA and the mutual mistakes and disputes relating to the MSPA is clearly in the best interests of the Debtors’ estates, reflects the

sound business judgment of the Debtors, and is fair and equitable and in the interest of the Debtors and their creditors. Based on the costs and uncertainty associated with litigating these disputes, the agreed-upon settlement is a fair compromise. Settlement at this juncture avoids the expense, inconvenience, uncertainty, and delay that would be caused by pushing off a resolution of these matters further. The Debtors believe that the Stipulation of Settlement falls well within the range of reasonableness, is in the best interests of the Debtors' estates and their creditors and should be approved as a sound exercise of the Debtors' business judgment.

Notice

12. Notice of this Motion has been provided to parties in interest in accordance with the Fourth Amended Order Pursuant to 11 U.S.C. § 105(a) and Fed. R. Bankr. P. 1015(c) and 9007 Establishing Notice and Case Management Procedures, dated August 24, 2010 [Docket No. 6750], New GM, and the Attorney General for each state in which property affected by this Motion is located. The Debtors submit that such notice is sufficient and no other or further notice need be provided.

13. No previous request for the relief sought herein has been made by the Debtors to this or any other Court except for the motion filed in connection with the First Agreed Order.

WHEREFORE the Debtors respectfully request entry of an order granting the relief requested herein and such other and further relief as is just.

**STIPULATION OF SETTLEMENT REGARDING
MASTER SALE AND PURCHASE AGREEMENT**

This stipulation of settlement (the “**Stipulation of Settlement**”) is entered into by Motors Liquidation Company (f/k/a General Motors Corporation) (“**MLC**”) and its affiliated debtors, as debtors in possession (collectively, the “**Debtors**”) and General Motors, LLC (f/k/a NGMCO, Inc.) (“**New GM**” and together with the Debtors, the “**Parties**”), for the purpose of resolving certain mutual mistakes by the Parties and disputes and ambiguities arising under the terms of that certain Master Sale and Purchase Agreement, by and among MLC, Saturn LLC, Saturn Distribution Corporation and Chevrolet Saturn of Harlem, as Sellers, and New GM as Purchaser, dated as of June 26, 2009 (the “**MSPA**”).

RECITALS

WHEREAS, on June 26, 2009 the Parties entered into the MSPA and on July 10, 2009, the Debtors consummated the sale (the “**Closing**”) of substantially all of their assets pursuant thereto (the “**Sale**”); and

WHEREAS certain issues arose by virtue of (i) mutual mistake by the Parties as to the scheduling of certain assets under the MSPA, (ii) ambiguities or disputes under the MSPA regarding property taxes and the allocation of responsibility with respect to environmental

services or remediation associated with certain real property, and (iii) ambiguity under the MSPA regarding the Parties' rights with respect to certain claims arising under interest rate swaps with Deutsche Bank AG ("**Deutsche Bank**"); and

WHEREAS in order to avoid the costs and uncertainties attendant to the litigation of these issues, the Parties seek to resolve certain mutual mistakes, disputes, and ambiguities with respect to and arising under the MSPA on the terms and conditions set forth herein.

NOW, THEREFORE, IT IS STIPULATED AND AGREED by and between the Parties that:

AGREEMENT

1. CVO Willow Run. Willow Run Company Vehicle Operations ("**CVO Willow Run**") is located at 2901 Tyler Road, Ypsilanti, Michigan 48198. Annexed hereto as Schedule I is a legal description and map of the CVO Willow Run property. Annexed hereto as Schedule II is a schedule of the Debtors' estimates of the costs associated with environmental remediation activities and monitoring of CVO Willow Run. CVO Willow Run and all Liabilities¹ relating thereto will constitute, respectively, Excluded Real Property and Retained Liabilities under the MSPA; *provided, however*, that any liabilities relating to CVO Willow Run arising out of, relating to, in respect of, or in connection with the use of CVO Willow Run by New GM during the period commencing on the date of the Closing and continuing through the Saginaw Landfill Transfer Date (as defined below), if such date occurs, shall be Assumed Liabilities; and *provided further* that the effectiveness of this Paragraph 1 and the designation of CVO Willow Run as Excluded Real Property and related liabilities as Retained Liabilities is expressly conditioned

¹ Capitalized terms used herein but not otherwise defined will have the meaning ascribed to such terms in the MSPA.

upon the successful transfer of the Saginaw Landfill (as defined below), as set forth in Paragraph 2 hereof.

2. Saginaw Landfill. Under the MSPA, New GM has the option to acquire the landfill owned by the Debtors and located at 2100 Veterans Memorial Parkway, Saginaw, Michigan 48603 (the “**Saginaw Landfill**”). Annexed hereto as Schedule III is a legal description and map of the Saginaw Landfill property. Annexed hereto as Schedule IV is a schedule of the Debtors’ estimates of the costs associated with the maintenance and environmental remediation of Saginaw Landfill. Upon finalization of the subdivision and separation of the properties commonly known as GMPT – Saginaw Metal Casting and Saginaw Nodular Iron pursuant to the MSPA and the Master Lease Agreement (Subdivision Properties) dated July 10, 2010 between MLC and New GM, and upon satisfaction of the regulatory requirements relating to the transfer of the Saginaw Landfill, New GM shall exercise the option to acquire the Saginaw Landfill in accordance with the MSPA. On the date on which the Saginaw Landfill is conveyed to New GM (the “**Landfill Transfer Date**”), which shall only occur upon (i) the subdivision of the Saginaw Landfill in accordance with applicable law and (ii) the satisfaction of all regulatory requirements relating to the transfer, the Saginaw Landfill shall become Owned Real Property (a subset of Purchased Assets comprising real property) and all Liability arising out of, relating to, in respect of, or in connection with the use, ownership, or sale of the Saginaw Landfill after the Landfill Transfer Date shall be Assumed Liabilities; *provided, however,* that without affect on any other provision in this Stipulation of Settlement (except as to Paragraph 1 as set forth herein) in the event that the Saginaw Landfill is not successfully transferred to New GM, for any reason whatsoever (other than the Debtors’ refusal to transfer the Saginaw Landfill to New GM or to use commercially reasonable efforts to cooperate with New

GM in obtaining the necessary third-party approvals applicable to the transfer of the Saginaw Landfill), including, but not limited to New GM's failure to subdivide and satisfy the relevant regulatory requirements relating to the transfer, (i) CVO Willow Run and the liabilities in connection therewith shall remain Owned Real Property (a subset of Purchased Assets comprising real property) and Assumed Liabilities to the extent set forth in this paragraph, and (ii) the Saginaw Landfill and the Liabilities in connection therewith shall remain Excluded Real Property and Retained Liabilities. The Parties agree to use their commercially reasonable best efforts to effectuate the transfer of the Saginaw Landfill in a timely manner.

3. Invoices. Annexed hereto as Schedule V is a schedule of invoices (the "**Invoices**") for environmental remediation services provided by third-party contractors with respect to property (i) that was transferred to New GM pursuant to the MSPA and (ii) owned by the Debtors. New GM will assume liability for \$1,513,658 in respect of the Invoices.

4. Idled Plant Transportation and Disposal Costs. Annexed hereto as Schedule VI is a list of facilities (the "**Idled Facilities**") and historical costs associated with the transportation and disposal of hazardous waste produced in connection with the Facility Idling Process (as such term is defined in that certain Master Lease Agreement (Excluded Manufacturing Assets) dated July 10, 2009 between MLC and New GM) at the Idled Facilities (the "**Idled Plant Transportation and Disposal Costs**"). New GM will assume one half of the Idled Plant Transportation and Disposal Costs, which shall amount to \$859,625. Upon payment of its share of the Idled Plant Transportation and Disposal Costs, New GM will have no further obligation to pay the Debtors any amounts relating to the transportation and disposal of hazardous waste produced in connection with the Facility Idling Process.

5. Property Tax. Annexed hereto as Schedule VII is a schedule of estimated real property taxes (the “**Property Taxes**”) relating to real property owned or leased by the Debtors, and leased or occupied by New GM after the Closing, but handed back to the Debtors during the 2009 calendar year (the “**Facilities**”). New GM will assume liability for \$696,145.41 in respect of the Property Taxes relating to the period beginning as of the date that New GM handed over the respective properties to the Debtors through December 31, 2009. Upon payment of the assumed Property Taxes by New GM, the allocation of Property Taxes on the Facilities for the 2009 calendar year between New GM and Debtors will be complete and final, except to the extent that adjustment is required due to changes after the date hereof in the underlying total property tax due for such period to taxing authorities.

6. Properties. Annexed hereto as Schedule VIII is a list of properties (the “**Properties**”) located in Indiana and Ohio. The Parties Agree that the Properties and all liabilities relating thereto shall be Excluded Real Properties and Retained Liabilities, respectively, and the titles to the Properties shall remain vested in the Debtors.

7. Deutsche Bank Settlement. On November 24, 2009, Deutsche Bank filed a motion [Docket No. 4529] for relief from the automatic stay, asserting a right to setoff \$24,040,404 (the “**Swap Debt**”) that it owes in respect of interest rate swap debt, against its claim for \$24,073,200 (the “**Bond Claim**”) relating to the face value of the Debtors’ bonds it held as of the Commencement Date. Upon completion of litigation with Deutsche Bank with respect to the setoff, and to the extent that any proceeds of the Swap Debt become available to either the Debtors or New GM, the Parties agree that (i) the Debtors will receive the first \$9 million of such proceeds, and (ii) the balance of the recovery will be split evenly between the

Parties. To the extent Deutsche Bank's right to setoff is validated, the Parties Agree that the Swap Debt may be used to effectuate the setoff against the Bond Claim.

8. This Stipulation is subject in all respects to approval by the Bankruptcy Court. Upon such approval, this Stipulation and Settlement shall be binding upon the Parties, and may not be changed, altered, or modified except in writing, signed by the Parties or their duly authorized attorneys and approved by the Bankruptcy Court.

9. The Bankruptcy Court shall retain jurisdiction to hear and determine all matters arising from or related to the implementation, interpretation and/or enforcement of this Stipulation of Settlement.

10. This Stipulation of Settlement may be executed in counterparts.
