Honorable Robert E. Gerber,

My name is Patricia Meyer and I was involved in the Court Call on October 26, 2010 regarding Case # 09-50026. During this call you instructed GM Attorney Joseph Smolinsky to contact me. Following you will find a letter that I am sending him regarding questions and confusions I have about my claim/claims. I am sending this to you as I think it is important that you be advised of what is happening.

Sincerely,

Patricia Meyer

November 4, 2010

Attorney Joseph H. Smolinsky,

I am writing in regards to our conversation on November 3, 2010. I am requesting that you help us understand what has happened and how we ended up with two separate cases. As far as we knew we had only one claim against Liquidation Motors.

A claim, #455, was filed on June 16, 2009 with a zero monetary amount for tax evasion against Liquidation Motors. I received a letter stating that a monetary amount must be assigned to the claim from Garden City of Dublin, OH who is the outside agency that sent documents for Judge Gerber.

On August 12, 2010 Garden City received additional information from me about this case. On September 1, 2010 Judge Gerber received this information from Garden City. This information was then sent to Liquidation Motors.

I received a letter from Garden City stating that a monetary number must be placed on the claim. This information was sent back to them in October. On October 26, 2009 a second claim, # 15927, for \$500,000 was filed. Please explain how this happened?

I noticed during the Court Call on October 26, 2010 when I identified myself to Judge Gerber you stated that I was the whistleblower whose case against the Federal Government had been dismissed. I was shocked to hear you say that as my case was against General Motors and it is still in a higher court.

Judge Gerber instructed that you or one of your associates contact me. When I talked with your associate Russ Brooks on the phone this last week he stated that I had a tax case that has not been heard yet. Would this be the second case number? If this is so what is the standing of the original case claim? This confusion needs to be cleared up before my claim/claims advance any further through the system.

You stated that you have 78,000 cases pending. My response to that was that given the serious criminal aspect of this case it should be a top priority at this time. I further suggested that you respond immediately in writing on your firm's letterhead to this situation. I will be looking for your answer in the next week.

Thank you for your help.

Patricia Meyer

Ms. Meyer,

Per our conversation today, this email confirms that none of the Debtors' omnibus objections to claims heard at the hearing on October 26, 2010 affect your proof of claim.
